

SaskCentral is owned by Saskatchewan credit unions to serve and represent their collective interests. We add value through the sound investment of credit union funds on deposit, as well as providing a wide range of products and services to maintain credit union leadership in the marketplace.

Manager, Architecture and Operations

We are seeking an innovative and talented individual who will play a pivotal role in researching, acquiring and developing technology solutions to meet the business needs of SaskCentral. If you are a seasoned professional with proven technical, analytical, and strategic thinking skills this may be the position for you.

The Job

Reporting to the Associate Vice-President, Technology Solutions you will be responsible for the architectural design, development and deployment of SaskCentral's overall systems. You will be required to investigate and define new and enhanced technology solutions, and establish and implement technology integration and migration strategies. Using your interpersonal relationship skills, you build and manage relationships with technology suppliers who provide products and services to the organization. You will also lead the implementation of technology security policies, standards, procedures and guidelines in accordance with industry standards. In this role, you will provide effective leadership, coaching and clear direction to your team members.

The Candidate

You will have a degree or diploma in Computer Science, combined with five years of progressive leadership experience. A project management designation would be preferred. You will have demonstrated procurement experience and an in-depth understanding of the information systems environment. You have solid problem solving skills, and business acumen complemented with strong communication skills. You will have extensive knowledge of change management processes and the ability to lead and sponsor change. Experience with the credit union system and/or financial services sector would be an asset.

Please include in your cover letter examples of how you meet the qualifications for this position. Interested applicants should submit a resume in confidence stating **Competition Number 1117-12FTP by January 22, 2018.**
